Mattresses, Bedding & Linen

Mattresses

We've been successfully supplying Holiday Parks with our high quality mattresses for many years now. An ever increasing number of them have seen the benefits of providing our **CSCC exclusive high quality foam mattresses** for all their guests, including those staying in their 'top of the range' accommodation. The reasons for this are manifold:

Comfort

Our mattresses give excellent comfort, often superior to your average sprung mattress and of course suffer none of the 'spring sticking through the mattress' problems in later years! The mattress foam grade we use offers **good durability, is fire retardant, non allergenic and does not cause perspiration.**

Practicality

All of our mattresses come **complete with a zip-off machine washable polycotton cover** or alternatively you can specify a waterproof cover if you prefer.

Odd Sizes & Shapes

As all of our mattresses are made in-house, non standard sizes and shapes like 'cut off corners' cause us absolutely no problem! In recent years we have also been asked for more and more 'split' mattresses to take the cot sides in caravans, so by now we're quite used to them!

MATTRESSES MADE TO ANY SHAPE OR SIZE

AN EXAMPLE 'SPLIT' MATTRESS

Quick Delivery

We are very aware that in the Holiday Industry **you often require replacement mattresses urgently** and with this in mind we are pleased to say that we are geared up for this and have, over the years, helped numerous Park Owners and Housekeepers out of many 'panic stations'!

"I would like to take the opportunity to say a huge 'Thank-you' for the quick turnaround of the cushions. The workmanship is second to none. Delivery of our order - PERFECT. Please would you say thank-you to everyone involved from a very happy and relieved Housekeeper.

John Fowler Holidays (Devon)

Pull-Out Bed, Sofa Bed & Futon Mattresses

Replacement mattresses for all the above are available quickly, affordably and **made to ANY size and thickness.**

Cot Mattresses

As well as the 'split' cot mattresses mentioned previously we are also able to supply traditional cot mattresses that fully comply with the relevant regulations. They come complete with an easily wiped, smooth white approved cover and **can be made to ANY size.** Cot mattress covers can also be supplied on their own, to fit existing 'tired' mattresses.

Mattress Covers & Protectors

We're a bit odd, *very* odd some would say, in that every day we make mattress covers and protectors that ACTUALLY FIT the non-standard size mattresses often found in Holiday Accommodation! Rather than most suppliers who *insist* that a standard 36" protector will look fine on a 24" caravan bed, **we've been making bedding that caters specifically to the Holiday industry for the last 20 years, so it's not a pain to us, it's what we're used to!**

13 Different Types!

We cater for all types of requirements and budgets, so in total we have 13 different types of covers and protectors available! They're **ALL MACHINE WASHABLE** and available in the sizes **you** require and as with all our products, we have **NO MINIMUM ORDER.**
