CUT TO SIZE FOAM SERVICE

SERVICE

We offer a fast, efficient cut-to-size service for ALL our foam grades. We can supply foam cut to ANY shape or size and we never charge you a premium if you only need small quantities.

GRADES

For descriptions of our foam grades please refer to 'Our Foam Grades-Explained' on page 56.

PRICES

If you would like us to calculate a price for you, please phone, fax or e-mail us. If you want to work out a price yourself, please use this formula:-

Length x Width x Depth, divided by 144, and multiply by prices below.

EXAMPLE

In 33 DENSITY, a 24" x 24" x 4" cushion = 2304
 2304 divided by 144 = 16. Therefore, 16 x £1.30 (33 Density foam multiplier) = £20.80 each
If in doubt, we're here to help!

FOAM GRADE	MULTIPLIER
24 Density	£1.14
Supersoft Back	£1.20
28 Density	£1.21
33 Density	£1.30
Supersoft Seat	£1.39
39 Density	£1.47

FOAM GRADE	MULTIPLIER
40 Density	£1.64
50 Density	£1.72
5lb Chip Foam	£1.23
6lb Chip Foam	£1.33
9lb Chip Foam	£2.05

All prices per square foot per inch thick.

'T' AND 'L' SEAT CUSHIONS

We calculate the cost of the 'Box' of the cushion and add £3.00 per 'Lug', (up to 8" x 6" x 6") or £4.00 per 'Lug' if over this size.

OPTIONS

Stockinette – £1.50 per item

Polyester & Stockinette Wrap – Example prices as below. We use 6oz unless specified otherwise. Other cushion sizes priced pro-rata. Sizes are overall cushion sizes, any thickness.

Example prices are for a full wrap, including stockinette.

CUSHION SIZE	STANDARD 6oz	HEAVY 14oz
24" x 22"	£4.45	£8.27
30" x 24"	£6.09	£11.29
36" x 30"	£9.54	£16.94

Laminating ("Sandwich" or "Combination Mattresses" etc.) – Additional 10% per item

Bullnosing/Bible Edging – Additional £1.50 per item

Templates/Shapes/Wedges/Chamfers –

We add 1" to largest length and width measurements, then calculate as normal.

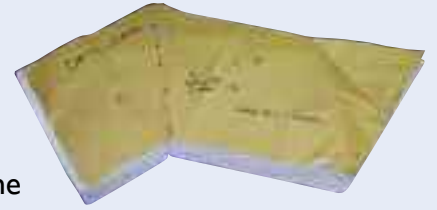

TEMPLATE CUTTING SERVICE

An increasing number of our Trade Customers are using our 'Template Cutting Service' and finding it to be easy, convenient and financially profitable for them.

THE PROBLEM

Traditionally, one of the main problems in offering foam to your customers is the fact that no one customer requires exactly the same thickness, quality or firmness as the next, making it very difficult to be able to offer the extensive range of foam and coverings that are available.

THE SOLUTION

By using our 'Template Cutting Service' you are able to make use of the vast range of foam options and coverings that WE are able to offer you, without the expense and space problems of keeping stock of ANY foam yourself!

We are able to exactly meet the needs of whatever your customers may require. Anything from small orders like simple shaped dining chair pads at 2" deep, right up to a 7" complex shaped boat mattress that's chamfered along its sides to fit the curvature of the boat!

In fact we recently supplied covered foam mattresses for all 10 yachts taking part in the '2009/2010 Clipper Round the World Yacht Race'. These were made by using simple paper templates where required. In a nutshell, by using our Service, you'd be able to offer your customers various grades and firmnesses of quality upholstery foam, shaped exactly as they require.

You'll find this to be a unique sales opportunity that can put your business ahead of the competition and bring in a worthwhile amount of extra profit, with no hassle!

Please contact us for more details, we'll be pleased to help.

BAR BACKREST FOAM

The vast majority of our customers purchase our FH 24/130 for use as backrest foam in Bars and Restaurants.

This is a relatively low density but firm foam that is ideal for general Bar/Bench seating areas. 2" sheets are usually purchased and the prices for this foam are on pages 60 and 61, or we can supply this cut to size as required. Please ring with the sizes you require for a friendly quote.

CUSHION COVER REFILLING SERVICE

We collect your customer's cushion covers from you, professionally refill them and deliver them back to you.

We have an increasingly popular service whereby we collect your customer's cushions from you by carrier, bring them back to our workshop and professionally refill them...

...We then return them to you ready to give back to your customer, fully transformed! Increasingly this service is being used to convert fibre/feather cushions to foam, keeping the luxurious plump look and feel that your customers want, but losing that unmade-bed look!

WHAT'S INVOLVED?

If you have a customer who has sofa or chair seats or backs they would like re-filled, ask them to bring in measurements, or their covers, so you can ring us for an approximate quote. If your customer would like to have an exact price, let us know and we'll send special packaging to you, for you to enclose the covers and one inner.

The pack will include instructions on any additional information we will need if replacing fibre or feather inners. When you have them packed up just give us a call and we'll arrange for our carrier to collect them from you.

When they are back with us in a day or so, we'll accurately measure them and then ring you with an exact price.

You can then check with your customer and if they wish to proceed we'll professionally re-fill them and send them directly back to you, ready to go straight back on your customer's furniture.

You'll make a guaranteed profit of your choice, without the hassle or time involved in re-filling the cushions yourselves, just by acting as the 'middleman', or 'woman'!

If you would like any questions answered on any aspect of our products or services, please don't hesitate to contact us.
